Baiden Etsiakoh Eagle Vision Foundation (BEEVIF) — a Ghana-registered charitable foundation

1. Project Overview

The Baiden Etsiakoh Eagle Vision Foundation (BEEVIF) is a Ghana-registered charitable foundation based in Tantra Hills, Accra. Its flagship initiative, **Nestling 2Innovate (N2I)**, delivers STEM, digital skills, and artificial intelligence education to school-age children and out-of-school youth in under-resourced communities.

Operating from the Special Grace Academy (SGA) campus, N2I currently serves 172 learners while extending its reach to neighbouring schools and Senior High School (SHS) graduates. Since 2025, the initiative has successfully run four proof-of-concept programs — Web Design, Global Virtual Internships, Programming, and AI Literacy — and produced one of the first **Google Gemini AI Certified (K12)** students in Ghana.

N2I is now scaling these pilots into a permanent **Community STEM Innovation Centre** and a structured digital-and-AI skills pipeline, including expanding access to quality education for rural areas with internet constraints.

Purpose of This Website

The website will serve as the digital home for BEEVIF and N2I — communicating the organisation's mission and story, showcasing programs and impact, and providing clear pathways for learners to apply, volunteers and partners to get involved, and donors to support the Community STEM Innovation Centre and rural access expansion.

Design Direction — Colour Palette

The website will use a **cyan blue and white** palette, conveying clarity, technology, and openness — fitting for a digital/AI education initiative.

Primary Cyan Blue
#0097B2

Accent Cyan
#00B4D8

Tint / Backgrounds
#EAFCFE

White
#FFFFFF

Text / Contrast
#12313F

2. Site Navigation — Approved Structure

Following review of comparable organisations (Learn2Earn, 48in48, Global Mentorship Initiative), the navigation has been consolidated into **five primary tabs**, each using a dropdown menu to organise related sub-pages. **Donate** and **Contact** are kept as persistent header actions outside the five tabs for maximum visibility.

1. Home

No dropdown. Mission snapshot, key impact stats, and calls-to-action (Apply, Donate, Volunteer).

2. About

- **Our Story** — BEEVIF's origin, N2I's relationship to it, the SGA campus and Tantra Hills setting
- **Our Team** — leadership, staff, and key contributors
- **Mission & Vision** — organisational purpose and long-term goals

3. Programs

- **Web Design**
- **Global Virtual Internships**
- **Programming**
- **AI Literacy**
- **Community STEM Innovation Centre** (Coming Soon)

4. Get Involved

- **Apply / Enrol** — for school-age children, out-of-school youth, and SHS graduates
- **Volunteer & Mentor**
- **Partner With Us** — corporates, NGOs, and schools
- **Donate**

5. Impact

- **Our Impact** — 172 learners served, first Gemini AI Certified K12 student in Ghana
- **Success Stories / Testimonials**

- **News & Updates**

Persistent Header Element	Purpose
Donate (button)	High-visibility call-to-action, always accessible regardless of page
Contact	Direct access to SGA campus address, email, and social channels

3. Content Summary by Tab

Tab	Key Content
Home	Hero mission statement, headline stats, program highlights, primary CTAs
About	BEEVIF/N2I story, SGA campus context, team profiles, mission & vision
Programs	Descriptions of the four pilot programs plus the upcoming Innovation Centre
Get Involved	Enrolment pathway, volunteer/mentor sign-up, partnership options, donation
Impact	Learner numbers, certification milestones, testimonials, news

This document reflects the navigation structure agreed upon during the discovery discussion on 18 July 2026 and will guide wireframing and visual design of the N2I website.
